paper souffle

CUPS

Dynarex Paper Souffle Cups are premium-quality paper cups crafted for the effective distribution of medicine in liquid or pill form. These Cups are designed with tightly rolled edges and box pleats to help ensure enhanced stability and improved rigidity. The versatile Souffle Cups are suitable for a range of settings, including medical environments, food service establishments, and personal use.

- Convenient paper cups designed for distributing both liquid and pill medications
- Features tightly rolled edges and box pleats for increased stability and rigidity
- Ideal for medical, food service, and personal use
- Single use and easily disposable for optimal hygiene
