### Intended Use - hCG

The Pregnancy test is a qualitative immunoassay for the detection of human chorionic gonadotropin (hCG) in human urine/serum for the detection of early pregnancy.

### Intended Use - hLH

The Ovulation Predicting test is a qualitative immunoassay for the detection of human luteinizing hormone (hLH) in human urine to predict the occurrence of ovulation.

### Intended Use - hFSH

The Menopause test is a qualitative immunoassay designed to detect human follicle stimulating hormone (hFSH) in human urine.
