essity

Forward

It's just not a direction.
It's an attitude.

It's about not resting on our laurels,
but leading the way.

Forward-thinking is what makes us a leader in health, hygiene, and medical solutions.

Our extensive portfolio of leading therapeutic brands reflects the spirit of innovation we bring to everything we do.

We have the courage to lead, to break barriers, and to always push for better.

Better Products.

Better Service.

Better Value.

Better Outcomes.

Our wide range of therapeutic solutions, clinical expertise and world-class brands **mean one partner to support your needs.**

Orthopedics: **Actimove** **Delta-Cast**

Wound Care: **Leukoplast**

Compression: **JOBST**

Your advantage

Convenience

- One partner for a range of therapeutic solutions
- The right assortment tailored to your needs

Medical expertise

- On-going educational tools and support
- Quality products based on validated evidence for better outcomes
- Confidently recommend the right product

Our goal

**Being your ally in better outcomes for you and those in your care.
Now and for the future.**

ELASTIKON® by Actimove®

Soft cotton elastic tape, centerline for ease of application

- Reliable compression for support of sprains, strains and muscle injuries
- Soft cotton elastic tape conforms to joints such as elbows, knees and shoulders
- Allows skin to breathe and moisture to pass through
- Treatment of conditions which require limitation of movement, e.g. sprains, sports injuries
- Prophylactic use in active sport
- Retention of dressings and devices, e.g. post-orthopedic and general surgery or over a muscular wound

Order Number	Size	Color	UOM
5172	1 in. x 2.5 yds	Cream	144 rolls/case (12 rolls/box, 12 box/case)
5175	3 in. x 2.5 yds	Cream	48 rolls/case (3 rolls/box, 12 box/case)
5177	4 in. x 2.5 yds	Cream	36 rolls/case (6 rolls/box, 6 box/case)

Caution: This product contains natural rubber latex which may cause allergic reactions

Actimove® Elastic Adhesive Tapes

Soft cotton elastic tape, centerline for ease of application

- Reliable compression for support of sprains, strains and muscle injuries
- Soft cotton elastic tape conforms to joints such as elbows, knees and shoulders
- Allows skin to breathe and moisture to pass through
- Treatment of conditions which require limitation of movement, e.g. sprains, sports injuries
- Prophylactic use in active sport

Tensoplast®

Soft cotton elastic tape

Tensoplast® is an elastic adhesive bandage suitable for medium support or compression. Excellent stretch and regain provides firm, controlled compression and support. Fluffy non-fray edges prevent the bandage from rucking or marking.

- High adhesive properties
- Provides strong compression and long-lasting support
- Water repellent

Tensoplast® Elastic Adhesive Bandage – Individually Boxed

04414001	4 in. x 5 yds	Beige	16 rolls/case

Caution: This product contains natural rubber latex which may cause allergic reactions

TensoSport®

Soft cotton elastic tape, centerline for ease of application

TensoSport® is an elastic adhesive bandage suitable for medium support or compression. Excellent stretch and regain provides firm, controlled compression and support. Fluffy non-fray edges prevent the bandage from rucking or marking.

- High adhesive properties
- Provides strong compression and long-lasting support
- Water repellent

TensoSport Elastic Adhesive Bandage – Boxed Packs

Order Number	Size	Color	UOM
7205015	2 in. x 5 yds	White	32 rolls/case
7205016	3 in. x 5 yds	White	24 rolls/case

Caution: This product contains natural rubber latex which may cause allergic reactions

Tensoplast® LF

Tensoplast® LF is not made with natural rubber latex and assures the quality you trust. It provides flexible, strong support and compression thanks to its porous high-quality substrate. Its excellent stretch and adhesive molds and holds to any part of the body, keeping the bandages firmly in place even throughout lengthy treatment. Trusted patient comfort and compliance for those sensitive to latex make Tensoplast® LF the optimal choice for a wide range of indications.

- Permeable material
- High-quality elastic substrate
- Adhesive coating
- Yellow center line
- Not made with natural rubber latex

Order Number	Size	Color	UOM
7623200	2 in. x 4.9 yds	Cream	12 rolls/case
7623201	3 in. x 4.9 yds	Cream	12 rolls/case
7623202	4 in. x 4.9 yds	Cream	12 rolls/case

1.2 LIGHT ELASTIC ADHESIVE BANDAGES

Lightplast® Pro

Tearable Adhesive Stretch Bandage

Lightplast® Pro is a tearable, elastic adhesive bandage, suitable for light support to compression. The unique fabric backing helps to conform to body movement. Ideal for all-purpose taping.

- Hand-tearable
- Excellent adhesion
- Light and close fitting

Order Number	Size	Color	UOM
76952	1 in. x 5 yds	White	48 rolls/case
76953	1.5 in. x 5 yds	White	32 rolls/case
76954	2 in. x 5 yds	White	24 rolls/case
76955	3 in. x 5 yds	White	16 rolls/case
76956	2 in. x 7.5 yds	White	24 rolls/case
76957	3 in. x 7.5 yds	White	16 rolls/case
72880	2 in. x 5 yds	Black	24 rolls/case
72881	3 in. x 5 yds	Black	16 rolls/case

Caution: This product contains natural rubber latex which may cause allergic reactions

1.3 NON-ELASTIC ADHESIVE STRAPPING TAPES

COACH® by Actimove®

Rigid Cloth Adhesive Strapping Tape

- Support and conformity helps protect against sprains and injury
- High tensile strength
- Adheres securely yet tears easily by hand
- 100% cotton back cloth allows perspiration to escape
- Smooth and consistent unwind

Order Number	Measurements	Color	UOM
5188	1.5 in. x 15 yds	White	32 rolls/case (Speed Pack)

Caution: This product contains natural rubber latex which may cause allergic reactions

ZONAS® by Actimove®

Rigid Cloth Porous Adhesive Strapping Tape

- Prophylactic use in active sport
- Ideal for conditions requiring immobilization and support
- Highest tensile strength
- Adheres securely yet tears by hand
- 100% cotton back cloth allows perspiration to escape
- Smooth and consistent unwind

Order Number	Measurements	Color	UOM
5190	1.5 in. x 15 yds	White	32 rolls/case (Speed Pack)

Caution: This product contains natural rubber latex which may cause allergic reactions

Leukotape® P

Rigid Strapping Tape

Leukotape® P is a high strength rigid strapping tape with a very strong zinc oxide adhesive. It is porous yet offers strong support for sprains and strains.

- Porous
- Easy unwinding tension
- High strength adhesive
- Ideal for patellofemoral taping

Order Number	Measurements	Color	UOM
76168	1.5 in. x 15 yds	Beige	30 rolls/case

Caution: This product contains natural rubber latex which may cause allergic reactions

1.4 KINESIOLOGY TAPES

Leukotape® K

Kinesiology Therapeutic Adhesive Tape

The wave pattern adhesive of **Leukotape® K** allows air to circulate. It is stretchable and works ideally with the skin's natural elasticity.

- High wearing comfort and skin friendly, with a formulation not made with natural rubber latex
- Stays in place up to 9 days, even after showering or sweating
- Residue free removal
- Dermatologically tested

Order Number	Size	Color	UOM / Pack
7297810	1 in. x 5.5 yds		5 rolls/pack

7297825	2 in. x 5.5 yds	● Pink	

1.5 NON-ADHESIVE SUPPORT BANDAGES

BSN Elastic Bandage

Non-Adhesive Bandage

- Adjustable and constructed of breathable elastic
- Hook and loop closure
- No metal clips
- Not made with natural rubber latex
- Individually wrapped

Order Number	Size	Color	UOM / Pack
1037023	2 in. x 5 yds		10 rolls/pack, 5 packs/case
1037033	3 in. x 5 yds	● Beige	
1037043	4 in. x 5 yds		
1037053	6 in. x 5 yds		

1.6 COHESIVE LIGHT SUPPORT BANDAGES

Lightplast® Cohesive

Bulk Pack Cohesive Bandage

Lightplast® Cohesive is constructed from a combination of polypropylene fibers and elastic yarns, and coated with a natural rubber compound to enable it to adhere only to itself. It's versatile and suitable for use where light support or compression is needed for sprains, strains and soft tissue injuries, along with prevention of sports injuries and retention of dressings, splints and hot/cold packs.

- No pins or clips are required to hold the bandage in place
- Maintains consistent support and compression, bandage will remain in place even during periods of increased movement, e.g., sports
- Strong, light and durable: Can easily be removed and reapplied if necessary
- Flexible substrate: 150-200% stretch allows the bandage to conform to awkward body contours, leading to increased patient comfort and compliance
- Air permeable: Allows the skin to breathe making longer periods of wear more comfortable

Order Number	Size	Color	UOM
7348905	2 in. x 6 yds	● Black	24/case
7348900	2 in. x 6 yds	○ White	24/case
7348906	3 in. x 6 yds	● Black	16/case
7348901	3 in. x 6 yds	○ White	16/case

Caution: This product contains natural rubber latex which may cause allergic reactions

Co-Plus® LF Cohesive Bandage

- Self-adhesive
- Non-slip support
- Hand-tearable in both directions
- End-of-bandage indicator for ease of use
- Not made with natural rubber latex
- Available in beige and color pack: neon pink, light blue, purple, neon green and red

Order Number	Size	Color	UOM
7210014	1 in. x 5 yds	● Beige	60 rolls/box
7210016	2 in. x 5 yds		36 rolls/pack
7210017	3 in. x 5 yds		24 rolls/pack
7210018	4 in. x 5 yds		18 rolls/pack
7210019	6 in. x 5 yds		12 rolls/pack
7210020	3 in. x 5 yds		24 rolls/pack
7210021	4 in. x 5 yds	Assorted	18 rolls/pack
7210023	2 in. x 5 yds		36 rolls/pack

1.7 TUBULAR SUPPORT BANDAGES

Tensogrip®

Easy to apply and help control edema

- Ideal for the light support of strains, sprains and soft tissue injuries
- Provides light support, light compression and dressing retention
- Constructed from a cotton/polyamide blend with natural rubber latex yarn

Order Number	Size	Color	UOM
7579	A - 1.75 in x 11 yds	White	1/roll
7580	B - 2.5 in x 11 yds	White	1/roll
7581	C - 3 in x 11 yds	White	1/roll
7582	D - 3.5 in x 11 yds	White	1/roll
7583	E - 3.5 in x 11 yds	White	1/roll
7584	F - 4 in x 11 yds	White	1/roll
7585	G - 4.5 in x 11 yds	White	1/roll

Fracture Management

Essity has a full line of casting and splinting material to support your orthopedic injuries.

Delta-Lite® Plus

The Trusted Rigid Solution Fiberglass Cast Tape

Delta-Lite® Plus is designed to ensure excellent rigid support. Thanks to its light but strong fiberglass substrate and resin formula it has become a trusted solution for fractures requiring strong and lasting support.

- Low tack resin
- Primary and secondary casting
- Rigid support
- Good conformability
- High lamination
- Excellent end lay down
- Smooth surface
- 3 – 5 minute initial set time
- Available in 11 colors and mixed packs
- Weight bearing in 20 minutes

Order Number	Size	Color	UOM

7345804	5 in x 4 yds	White	10 rolls/box

Delta-Cast® Conformable

The Non-Fiberglass Solution in Cast Tape

Sets a benchmark in non-fiberglass cast tapes. **Delta-Cast® Conformable** responds to all challenges of daily fracture management. The secret behind Delta-Cast® Conformable and its outstanding benefits lies in its unique components, making it the premium choice in cast rooms around the world. Provides rigid and semi-rigid cast-ing options for primary and secondary casting applications where patient fit, comfort and compliance are critical.

- Primary and secondary casting
- Rigid and semi-rigid support
- Excellent conformability
- Weight bearing in 20 minutes
- 3 – 5 minute initial set time
- 9 colors and mixed packs
- Excellent for Functional Cast Therapy
- Excellent radiolucency
- Fiberglass-free
- Use the gloves of your choice
- Strong and lightweight
- Soft edges
- Excellent lamination
- Smooth finish

Delta-Rol®

Synthetic Cast Padding

Delta-Rol® Synthetic Cast Padding is a non-absorbent synthetic material that does not hold moisture against the skin. Its conformable stretch allows narrow widths around small anatomies without cutting and tearing.

- Conformable stretch eliminates need for scissors
- Comfortable
- Non-absorbent synthetic fiber

Order Number	Size	Color	UOM

9066	6 in x 4 yds	White	36 rolls/box

Sof-Rol®

Absorbent Rayon Cast Padding

Sof-Rol® is a highly absorbent Rayon material suitable for use around wounds. This soft natural material creates a comfortable undercast surface for either synthetic or natural casting materials.

- Excellent conformability
- Strong lamination
- Excellent molding “touch”

4.4 CAST ACCESSORIES

Delta Terry-Net™

Adhesive Felt Padding

Delta Terry-Net™ Adhesive Felt Padding is an adhesive orthopedic felt, used for added patient comfort. Its adhesive backing makes attaching the padding simple and easy. It may also be used as a cast edge padding or to provide protection for bony prominences

- Soft orthopedic felt
- Adhesive back

Order Number	Size	Color	UOM
54012	23 in x 39 in	White	1 roll/case

Sifoam™

Interface Padding

- Offloads pressure around bony prominences
- Helps prevent shearing
- Is compressable
- Unloads weight

Order Number	Size	Color	UOM
7279900	8 in x 9 in	Black	10 units/box

Delta Terry-Net™

Adhesive Fleece Edger

Delta Terry-Net™ Adhesive Fleece Edger features a high quality adhesive for secure placement. Its unique stretch allows the user to pad easily around corners and contours, ensuring smooth cast edges.

- Highly conformable
- Unique stretch
- Secure adhesive
- Works great with thermoplastics

Order Number	Size	Color	UOM
56012	1.25 in x 15 yds	Blue	1 roll/case

Delta Terry-Net™

Adhesive Hook & Stretch Loop Closures

This easy-to-use product simplifies the FCT technique. It provides closure without creating the discomfort caused by traditional loops' rough edges. Its high quality adhesive supports secure placement and the simple dispensing box provides convenient storage.

- Soft stretch loop
- High quality adhesive
- Dispensing box

American Orthopaedic™

Cast Cutter Cast Saws

The American Orthopaedic™ Cast Cutter provides precisely what is needed when needed: power, speed, quiet operation, durability, ease of operation and a balance of weight and power. Includes one 2.5" diameter multi-purpose blade and wrench.

- Balance of weight and power helps reduce user fatigue
- Internally lubricated for longer service
- Designed for rugged use
- Switch is designed and placed so that it will not break if dropped
- Hex drive provides six (6) blade rotations extending blade life by 50%

Order Number	Color	UOM
0295-200	Blue	1/box

BSN Buckets

The wax coated bucket is used to hold water for cast activation.

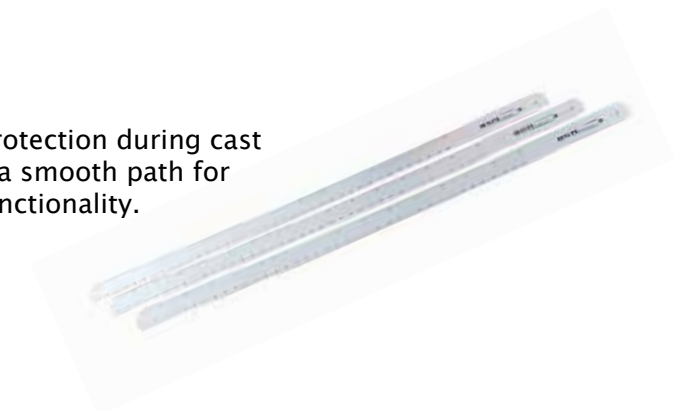

Order Number	Size	Color	UOM

4.5 SPLINTING

ORTHO-GLASS®

Fiberglass Padded Splinting System

ORTHO-GLASS® is a cost-effective splinting system of choice for every phase of immobilization. Features Interlocking Performance Technology (ILP). ILP eliminates the risk of delamination, ensuring a strong, durable splint.

- Eliminates risk of delamination
- No wrong side application
- Easy stretch padding covers all edges
- Roll form eliminates waste
- Full educational support system - workshops, in-services, manuals, wall-charts, videos
