

New from ADC

Pocket Instruments in Five New Colors

ADC's pocket instruments have always offered compact portability with a feature-rich design. But did you know they now come in five new colors? Choose from our standard black or the new green, royal blue, purple, burgundy, or gray.

The otoscope features: fiber optics for cool, obstruction-free light transmission; 2.5V xenon or AdLED lighting options; wide-angle swivel 2.5X viewing lens for instrumentation; and more.

The ophthalmoscope features: five aperture selections and 19 viewing lenses; 2.5V xenon or AdLED lighting options; illuminated magnified lens dial; and more.
