The ONLY Complete Range of Sizes

Physicians can choose a punch that is precisely sized to the area being biopsied or excised. Whether it's a skin biopsy, hair transplant or acne scar graft, Acu•Punch® allows the physician to remove exactly the amount of tissue desired.

Always Sharp, Always Sterile

Acu•Punch® is always razor sharp and ready to use. Each Acu•Punch® comes individually packaged in a sterile peel-apart pouch.

Ergonomic Design

Acu•Punch® handle is ribbed for maximum control, especially when wearing surgical gloves. The handle is hollow and open at both ends for easy removal of excised tissue for biopsy. Each punch size is identified on the handle.

Try a sampler pack

Choose our sampler pack (catalog number PSAM) and receive one each of all 14 sizes. Or choose our combination pack (catalog number PCOM) and receive 5 each of our most popular sizes – 2 mm, 3 mm, 3.5 mm, 4 mm, and 5 mm.

Only From Acuderm

Look for the white handle and the Acuderm name to make sure you're getting the genuine, made-in-U.S.A. Acu•Punch® from Acuderm. No other brand we know of is made to our exacting quality controls and standards.
