## Cardinal Health tourniquets

### Strong, significant elasticity

Our line of disposable tourniquets is made of strong, tear-resistant material, while offering significant elasticity. These tourniquets are comfortable on patients' skin and are easy to use. We include our blue or orange textured, butterfly-folded line of tourniquets in our IV start kits.

Presource® Products and Services

# IV start kits

Cardinal Health offers a full line of both custom and standard IV start kits to meet the needs of your facility. To provide the most cost-effective solution, we offer 26 standard IV start kits, which include a variety of skin prep options, in combination with the most popular transparent dressing types<sup>1</sup>. We also expanded our standard offering to include new safety alert kits, which contain our orange textured tourniquet.
