

Distech™

Procedure Earloop Face Masks

Reliable protection
and exceptional value
from the mask experts

Distech™ masks provide the reliable protection you need and the value you want. These ASTM Level 2 masks are ideal for lower-risk procedures. Adjustable nosepiece provides a personalized fit and quality materials ensure enhanced breathability. Ultrasonically sealed, soft, stretchy, latex-free earloops ensure wearer comfort.

FEATURES	BENEFITS
High-quality, fluid-resistant fabric layers	Provide reliable, durable protection
Full-width, adjustable nose piece	Ensures a personalized fit and enhanced breathability
Ultrasonically sealed, soft, stretchy earloops	Prevent pulling and irritation
Shingle-pleat design	Prevents fluid pooling and cross-contamination
