Healthcare

A Brady Business **BRADY**

Where positive identification
meets safe, efficient patient care.

Central Sterile ID Solutions & Supplies

PDC Healthcare provides a wide selection of ID labels, tags, and tape that help the Central Sterile Department identify equipment, instruments, and supplies and to communicate critical alerts and information among hospital personnel. We also offer an assortment of disinfectant cleaners and wipes, conveniently packaged for everyday use, plus a variety of medical gloves.

Trusted by the leading hospitals for 60 years, PDC Healthcare offers industry expertise to help our clients plan and implement identification systems to meet their goals for improving patient safety, workflow efficiency, and regulatory compliance.

NEW! Ident–Alert™ Tray & Scope Tags

Communicate important details about content, identity, and sterilization status.

- Easy to apply to tray handles, scopes, or surgical instruments
- Durable and lab–tested to withstand autoclave and common disinfectant solutions
- Cost–effective and versatile for a variety of applications

Can be customized for your specific needs!

Multipurpose Tags

- Write critical ID information or alerts directly on the tag with a permanent marker or apply autoclavable labels or autoclave tape

CS–2® Hand–Held Labeling System

The CS–2® Labeling System has been designed primarily for labeling any items in Central Service/Sterile that need to be autoclaved.

With the lightweight CS–2® labeler, you can print two lines of information with up to eight characters per line. The available characters include two Gregorian dates for expiration and autoclave dating with additional bands for load and sterilizer numbers.
The CS–2® System single ply labels are available with a specially developed autoclavable adhesive in a variety of colors and styles.

TXII™ Hand-Held Autoclavable Labeling System

Ergonomically designed to offer optimum ease of operation, the TXII™ Hand-Held Labeling System allows you to easily date and code items in the Central Steral departments, or wherever a dating or coding system is required.

The TXII™ device's rugged, high-impact plastic provides for exceptional ease of handling and consistent printing on all labels. The TXII™ system provides you with:

- Imprinted labels that display one line of information
- 10 digit dial-in capabilities, including Gregorian dating or large numbers
- Labels in a variety of colors, construction and adhesives

Gregorian Dating

Autoclave Indicator Tape

Autoclave tape is used as to indicate processing of items in steam sterilizers. Ideal for securing different types of sterilization packs.

- High contrast color change is easy to interpret
- Advanced adhesive assures easy application, strong adhesion, and clean removal from autoclaved items
- Made of strong crepe-embossed paper with special coating that helps prevent permanent ink smudging
- Latex-free

Stripes turn from white to black after processing
